QUESTIONNAIRE

RESEARCH TECHNICIAN FOR THE READAPT PROJECT (ref. 21-030-23758)

To participate in the selection process, candidates must answer and send the following questionnaire:

Questions	YES	NO
Do you hold a bachelor's degree in Biology, Environmental Biology or related science (or equivalent training and experience)?		
Do you have basic knowledge of population genetics and evolutionary principles?		
Do you have proven ability to work co-operatively in a research team environment?		
Do you have experience with plant quantitative genetics experiments and the measurement of trait variation?		
Do you are well-organized, able to work independently and able to work for long hours in rugged terrain and challenging weather conditions?		
Are you fluent in English, oral and written?		
Do you hold a class B driving license (valid in Spain)?		

It will be assessed in a particularly negative way that it is affirmatively the possession of requirements that subsequently prove that they are not.
